

HAVE YOU BEEN INVOLVED IN AN ACCIDENT THAT WASN'T YOUR FAULT?

We can now provide car hire, recovery from the roadside and the repairs carried out by your garage, as well as dealing with any personal injury claim.

Vehicle recovery

We can arrange to have your vehicle recovered from the roadside and taken to a repairer of your choice or to a secure storage facility.

Replacement vehicle

While your vehicle is off the road, we can arrange for a replacement vehicle to keep you mobile, this includes: vans, taxis and 4x4's.

Approved repairs

We will have your vehicle assessed by an independent engineer and have repairs carried out by a repairer of your choice.

Protecting your pocket

All costs should be payable by the insurance company of the at fault driver. You have no insurance excess to pay and your no claims bonus remains unaffected.
